RICHELIEU

[Grand Opers House, 1881.]

Thou actor of the grandest part
Lord Lytton gave unto the stage,
A triumph of the artist's art;
Thy cardinal of a by-gone age;
Crafty, ambitious, weak yet bold,
Thy mistress France, and France alone
Thy plans, though perfect, never told;
Thy heart not yet all stone.

hou actor of the grandest part

But the grandest is thy anger, when

To save a gentle ward from shame,
Thou beard'st the lion in his den
In Rome's great name.
Then clasping her close to thy breast,
Beneath thy church's sheltering wing,
Thou hurlest from thy eagle's nest
Defiance at thy king.

And labored comes thy fleeting breat

Where courtiers all, both great and small Await the lion's death,

Grand is the play and grander still
The impress left upon the heart
By wondrous power and perfect skill,
That makes thy acting art.
Be thine success upon life's stage
Till called to play thy part above;
Then may life end in green old age,
And not like like Yorick's love.

—R. L. Cary, Jr.

What a Boy Did.

A duke, walking in his garden one day, saw a Latin copy of a great work or mathematics lying on the grass and thinking it had been brought from his library, called some one to carry it back. "It belongs to me," said the garderation. Taking one of the nicely-folded "indispensables," he first gazed at it curiously, then shook it ener's son, stepping up. "Yours!" cried the duke. you understand geometry and Lat-

colleague with the whispered re-"I know a little of them," answered the lad, modestly. The duke, having a taste for the the response. "Does congress fur-nish 'em ?" he next enquired. "Betscience, began to talk with the young student, and was astonished

at the clearness and intelligence of much ?" asked the duke. "One of the servants taught me to read," answered the lad; 'one does not need to know anything more than the twenty-six letters in order to learn everything else one wishes.'

But the gentleman wanted to know more about it. "After I learned to read," said the boy, "the masons came to work on your house; I noticed the architect used a rule and compasses, and made a great many calculations. What was the meaning and use of that? I asked; they told me of a science called arithmetic. I bought an arithmetic and studied it through They then told me there was anoth er science called geometry. Then I found there were better books about these sciences in Latin. I bought a dictionary and learned Latin. heard there were still better ones in French. I got a dictionary and learned French. It seems to me we may learn everything when we than I deserve. For these ten

alphabet.' They are, in fact, the ladder to every science. But how many boys are contented to waste their time at the first two or three rounds, with not pluck nor perseverance enough to climb higher! Up, up, up, if you want to know more, and see clearer, and take a high post of useful-ness in the world. And if you are a poor boy and needa little friendly ouragement to help you on, be sure, if you have a will to climb, lower level. But I do say, without kind of tobacco. It would be just you will find the way, just as the gardener's son found it afterwards thoughtful and dispassionate, that a dissertation on "How to make in the Duke of Argyll, under whose it is the meanest. parentage he pursued his studies and became a distinguished mathematician.

> THOMAS L. James, the new post naster-general, being a New York City man, is not very well known in the west. In search of luformation about him Melville D. Landon (Eli Perkins,) now stopping at Chicago, was approached:

"Thomas L. James," sald Mr. Landon, "I have known intimately for twenty-four years. When I say intimately, I mean we were boys, together. When I went to college at Madison University, Hamilton Madison county, N. Y., Mr. James was a printer in that town. He printed the first article I ever wrote. or the press. He was a fair-faced, jovial, rosy-cheeked young man, His complexion was as fair as a lily, and is so still. His cheeks today have the soft pink of the peach Any young lady in Chicago would Col. Tom Buyond, the Kentuc- be proud if she had a complexion as ky assassin of Judge Elliott, is still fair and peachy as Mr James.
